CLOVER MINI ≫≫

Goodbye Huge Cash Register!

Small but mighty, the sleek-looking Clover Mini is a robust POS device that can accept any type of payment while saving counter space. Easily add more POS components and other Clover devices, and access the powerful, highly-intuitive multifunctional features designed to help run and grow your business. With its over 100 apps, Clover Mini helps you manage the inventory, launch marketing programs, and so much more!

Small but mighty, the sleek-looking Clover Mini is a robust POS device that can accept any type of payment while saving counter space. Easily add more POS components and other Clover devices, and access the powerful, highly-intuitive multifunctional features designed to help run and grow your business. With its over 100 apps, Clover Mini helps you manage the inventory, launch marketing programs, and so much more!

≫ More Ways to Accept Payments
Accept EMV Chip and PIN, credit, debit, mobile wallets such as Apple Pay and Google Pay, and cash.

≫ Scalable Hardware
Easily add peripheral components, such as a hand held barcode scanner or a kitchen printer, and additional Clover devices.

≫ Remain Connected
Always connected with Ethernet, WiFi, and cellular LTE capabilities.

≫ Inventory Management & Online Store
Enable your all-in-one Clover Mini POS device to become you inventory or order management tool with Register Lite. Easily configure your online store through the Clover dashboard and have your in-store and online inventory always in sync. Register Lite is best suited for light retail and specialty shops, quick-service restaurants and other businesses, including salons and professional practices.

≫ Virtual Terminal
When away from your Clover device, process payments and refunds remotely by logging in to your Clover web dashboard.

≫ Grow your Business with Clover Apps
The same compact device that takes your payments is also your all-in-one management tool. With Clover apps at your fingertips, you can sync with QuickBooks, accept and issue gift cards, start rewards program, manage client appointments, employee shifts, and so much more.

≫ Real-Time Reports
Review your end-of-day sales or entire sales history, and see which employees and products are your lowest and top performers. Monitor sales and profit trends 24/7 with Clover dashboard.
